Subdivision shall become a member of the Subdivision Property Owners Association, which Association shall manage, maintain and care for the common facilities of the Subdivision. Each and every owner covenants and promises to pay, to the Property Owners Association when due, any and all dues and maintenance fees. Use of the common facilities within the Subdivision shall be limited to the lot owners (and their families and guests) and the Developer (and its guests or invitees). Property owners must, at all times, use caution to not damage the facilities of the Development. Property owners and guests will be held responsible for any Development property destroyed or defaced. Each and every owner of any and all lots within the Subdivision, covenant and agree that the Property Owners Association and its successors and assigns shall have a lien upon the lot(s), in the Subdivision inferior only to the lien for taxes and any duly recorded mortgage, to secure the payment of such dues and maintenance fees, late charges, interest (at the highest permitted lawful rate) and any reasonable court costs and attorneys' fees incurred in connection with the collection of same.

(15) No sale, transfer, lease or disposition of any lot in the Subdivision shall be consummated unless and until the name and address of the purchaser or transferee has been properly recorded on the books and records of the Property Owners Association.

(16) The Architectural Control Committee (hereinafter called "the Committee") shall be composed of one or more individuals selected and appointed by the Board of Directors of the Property Owners Association. The Committee shall function as the representative of the Property Owners Association with respect to certain matters as set forth in these covenants. A majority of the Committee may designate a representative to act for it. In the event of the death or resignation of any member of the committee, the Board of Directors shall have full authority to designate and appoint a successor. Final construction or building plans and specifications shall be submitted to the Committee for approval or disapproval of such plans and specifications. If the Committee should fail to either approve or disapprove plans and specifications within thirty (30) days after they have been submitted to it, and if no suit to enjoin the construction is commenced prior to substantial completion of such construction, then Committee approval shall be presumed provided it does not violate the recorded covenants and restrictions.

(17) The Board of Directors of the Property Owners Association shall have the power and authority to: (i) amend these restrictive covenants; (ii) issue rules and regulations applicable to the common facilities and areas within the Subdivision; (iii) permit the usage of lots for streets, parking areas, uses normally associated with the customary development of a Subdivision and uses thereon mandated, directed or encouraged by government authorities having jurisdiction over the Subdivision; and (iv) exercise such other rights granted it under the Articles of Incorporation and Bylaws of

the Association.

(18) The covenants, conditions and restrictions herein shall constitute covenants running with the land and shall be binding upon Developer, its successors and assigns and upon all persons or entities acquiring property in the Subdivision, whether by purchase, descent, devise, gift or otherwise, and each person or entity, by the acceptance of title to any lot within the Subdivision, shall thereby agree and covenant to abide by and perform the covenants, conditions and restrictions as set forth herein. Enforcement of these covenants and restrictions shall be by a proceeding or proceedings at law or in equity, initiated by a person or persons owning any lot in the Subdivision or by the Property Owners Association, or by the Developer against any person or persons violating or attempting to violate any covenant or restriction herein contained, either to restrain violation or to recover damages for the violation, or both, or to obtain such other relief for such violations as then may be legally available.

(19) Violation of or failure to comply with the covenants and restrictions shall not affect the validity of any mortgage, bona fide lien or other similar security instrument which may be then existing on any lot in the Subdivision. Invalidation of any one of these covenants and restrictions, or any portion thereof, by a judgment or court order shall not affect any of the other provisions or covenants herein contained, which shall remain in full force and effect. In the event any portion of these covenants and restrictions conflicts with mandatory provisions of any ordinance or regulation promulgated by the Brazos River Authority or other similar governmental agency then such governmental requirement shall control. Any deed or legal instrument (except deeds of trust, mortgages or other similar security agreements) purporting to convey, transfer or assign any interest in any lot within the Subdivision shall contain conveyance, transfer or assignment to all the covenants and restrictions set forth herein.

IN WITNESS WHEREOF, the Property Owners Association has caused this instrument to be executed on this 16th day of November, 1987.
