“LIST FOR FREE” AND SAVE THOUSANDS

**ON A \$400,000 PROPERTY WITH A TYPICAL 2.5% COMMISSION
YOU SAVE \$10,000.00**

When you buy your next property with us as your agent we will waive our listing fee on the sale of your current property. You are buying another property anyway, why not work with us and save thousands. Typical listing agent fees run between 2% & 3% of the sales price. This can add up to thousands of dollars in savings for you. While we are waiving our listing fee you would still need to offer a selling agent fee to the broker who brings the buyer. Typical selling agent commissions in the area run between 2% & 3% of the sales price. Commissions however are not fixed and you could offer more or less if you choose.

Full Service – NOT An Entry Only Listing:

This is not a limited services offer. We provide a full range of services including:

- Provide you with a market analysis to establish a competitive listing price.
- Make recommendations on getting the property “show ready.”
- Submit and negotiate offers from potential buyers.
- Complete necessary paperwork and escrow deposit funds.
- Advise and assist you throughout the entire process.
- Most importantly your property will be placed in The Multiple Listing Service which will expose it to area brokers. Also it will post to the major internet portals including those listed below. This is important because over 80% of buyers find their homes through brokers, MLS or the internet.
