

Have your properties viewed 4x more with Featured Homes™¹

Featured Homes™ has been updated to specifically benefit companies. It puts your company's listings before all others on the leading real estate search site – which then works to make sure they are displayed over and over again. Best of all: only a few spots are available per market, making the new Featured Homes™ for Companies one of the most sought after and exclusive marketing tools.

Search Results Page

Product Highlights:

New stackable layout allows room for more information and greater presence of your logo (same on top and bottom)

Consumers are just one click away

- Once on the Search Results Page, clicking on the logo will take consumers directly to the broker's site

Greater focus on branding and exposure

- Logo is now seen in up to 4 places:

- Top carousel of Search Results Page
- Bottom carousel of Search Results Page
- Actual search results²
- Listing Detail Pages²

We feature properties on REALTOR.com that we have listed in the following towns:

Kerrville (78028), Ingram (78025), Hunt (78024 & Bandera (78003)

“We don't just upload our listings on line. We market them.”

-Joan McCollom, Broker-Owner
