Welcome to your Customer Portal. The Portal is a personalized webpage to help you keep track of listings. The main page of the portal is divided into four panels:

- In the upper left, look at Searches and Reports that I've sent to you. Searches will show the most current information about the listings, and the number of matches will vary as listings are added or are sold. Reports are documents regarding listings – you can find printouts about listings, CMAs, or other reports here.
- In the upper right corner, listings that you have marked as Favorites, Possibilities, and Rejects will be kept organized in Listing Carts – you can also look at the listings that I have recommended.
- In the lower left corner, view message threads about listings – you can send me messages about listings from this page.
- In the lower right corner, review your Profile information. If any of this contact information is incorrect, click on the pencil icon to edit it. If you'd like to change your password, click on the link marked **Change My Password**.

Your Customer Portal

Managing Listings - To look at listings, click on any search name in the Searches and Reports panel. The listings will appear on a page that is organized by tabs. Click on the tabs to look at different information about the listings.

- **List tab** – this tab shows all of the listings in a group. Compare listings easily here. Click on the smiley face icons to mark listings as Favorites, Possibilities, and Rejects.
- **Detail tab** – here, you'll see a more detailed listing report. If you'd like, you can also use a Mortgage Calculator on the Detail tab.
- **Photos tab** – look at all of the photos for a listing here. Click on the arrows to navigate through the photos.
- **Map tab** – plot the listings on a map here. You can move the map around and zoom in to get a better look.
- **Compare tab** – this tab shows some brief statistics to compare the selected listings to others in the list.
- **Messages tab** – here, send me messages about properties. I'll respond and you'll have messages right here on your Portal.
