

## Sue Bowes, Realtor

---

I have been involved in the real estate business for many years and became a licensed real estate agent in 2007. Bud and I are a team and we work hard to help our clients with their real estate needs. I truly enjoy using my real estate skills to research properties to find the perfect home for my client's. I am honest and credible, confident in my negotiating skills and work hard to get my clients the best price and the best terms.

Prior to working full-time as a Realtor, I worked for Pfizer Global Research and Development in New London. While at Pfizer I had an opportunity to work with top level executives, some of who were relocating their families to this area. This gave me a great understanding of how difficult this decision was for families and the many ways that I could assist them in this process.

One of the reason I am a realtor is my passion for design and decorating as well as staging property to bring it to its fullest potential to see or attract buyers. Many people walk into a room and immediately know how it makes them feel. At the same time, the majority of those people are unable to explain exactly why. As a Certified Interior Decorator and a member of the Real Estate Staging Association, I am able to show the buyer's the full potential of a property as well as stage a listing to help sell the home faster while maximizing profit.

I believe Realtor's should be well educated and in-tune with the latest technology. To better serve my clients, I have earned the designation of Accredited Buyer's Representative (ABR) to serve those interested in acquiring real property and Short Sales & Foreclosure Resource (SFR) certification to better serve those clients in distress.

I am very familiar with the local area. I was born and raised in New London and moved to Waterford over 20 years ago where Bud and I have made our home. We have 4 grown children and a Golden Retriever named "Riley". Being a native of this area gives me the experience to better serve my clients with their real estate needs.
